The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

**GRAFFITI REMOVAL AT VARIOUS FLOOD CONTROL FACILITIES
ALL SUPERVISORIAL DISTRICTS
3 VOTES**

**IT IS RECOMMENDED THAT YOUR BOARD ACTING AS THE GOVERNING
BODY OF THE LOS ANGELES COUNTY FLOOD CONTROL DISTRICT:**

1. Find that the provision of graffiti removal at various Los Angeles County Flood Control District facilities can be more economically performed by independent contractors than by County employees.
2. Find that this work is exempt from the provisions of the California Environmental Quality Act (CEQA).
3. Award and delegate authority to the Interim Director of Public Works to execute the contracts for "Graffiti Removal at Various East Area Flood Control Facilities" to Superior Property Services, Inc., located in Santa Ana, California; "Graffiti Removal at Various South Area Flood Control Facilities" to Urban Graffiti Enterprises, Inc., located in Azusa, California; and "Graffiti Removal at Various West Area Flood Control Facilities" to Graffiti Control Systems, Inc., located in North Hollywood, California. These contracts will be for a period of one year, commencing on January 1, 2005, with two 1-year renewal options, not to exceed a total contract period of three years.
4. Delegate authority to the Interim Director to renew these contracts for each additional renewal option, if, in the opinion of the Interim Director, renewal is warranted.

5. Delegate authority to the Interim Director to terminate one or more of these contracts, if, in the opinion of the Interim Director, it is in the best interest of the County to do so.
6. Authorize the contractors to proceed with the work in accordance with the contracts' specifications, terms, conditions, and requirements.
7. Authorize Public Works to encumber an annual amount not to exceed \$398,352; \$168,000 for the West area, \$146,352 for the South area, and \$84,000 for the East area. Funds are available in the Flood Control District's 2004-05 budget.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of this action is to continue contracted graffiti removal services within the Los Angeles County Flood Control District's rights of way. The Graffiti Removal at Various Flood Control Facilities Program is designed to remove graffiti quickly and as often as necessary to keep the designated facilities graffiti free. A prompt cleanup is considered preventive from the standpoint that, if the graffiti does not remain for long periods, vandals satisfaction from seeing their marks and having others see them is limited. The potential for fame and recognition, a key motivator for graffiti vandals, is significantly diminished when the graffiti is quickly removed or "buffed out." In severely affected areas, such cleanups are an essential way to combat a neighborhood's deterioration. Public Works' graffiti abatement endeavors have been successful in other areas in the County. These contracts will continue our efforts in the area of graffiti abatement.

Implementation of Strategic Plan Goals

This action is consistent with the County Strategic Plan Goals of Service Excellence and Organizational Effectiveness. These contracts will improve internal operations through the utilization of the contractors' expertise to effectively provide these services in a timely, cost-effective manner, as well as improve the quality of life in the County.

FISCAL IMPACT/FINANCING

The total annual cost of these contracts is \$398,352; \$168,000 for the West area, \$146,352 for the South area, and \$84,000 for the East area. These amounts represent the contractors' costs to perform the requested work. These contracts will commence on January 1, 2005, for a one-year period, with two 1-year renewal options. With the

Board's delegated authority, the Interim Director may renew these contracts from year to year for a total contract period not to exceed three years. One or more of these contracts may be canceled or terminated at any time by the County, without cause, upon the giving of at least 30 days' written notice to the contractors.

Public Works calculated the cost-effectiveness of contracting for these services based on Auditor-Controller guidelines. Based on the cost calculations, it has been determined that these services can be more economically performed by independent contractors than by County employees. Combined annual savings of \$39,959 will be realized.

Funds are available in the Flood Control District's 2004-05 budget to cover the cost of these contracts. There will be no impact on net County cost.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Prior to the Interim Director executing these contracts, which are substantially reflected in Enclosure A, the contractors will sign and County Counsel will review the contracts as to form.

These services are being contracted in accordance with procedures authorized under the provisions of County Charter Section 44.7, Part 3, and Chapters 2.121.250 through 2.121.420, Title 2, of the Los Angeles County Code. The mandatory requirements for contracting set forth in the Los Angeles County Code Section 2.121.380 have been met.

These contracts are in compliance with the mandatory living wage requirements as set forth in the Los Angeles County Code Chapter 2.201, Living Wage Program. Public Works has evaluated and determined that each contractor fully complies with the requirements of the Living Wage Program and agrees to pay full-time employees providing these services a living wage.

ENVIRONMENTAL DOCUMENTATION

With respect to the requirements of the CEQA, the type of services to be provided is categorically exempt as specified in Class 1 of the Environmental Document Reporting Procedures and Guidelines adopted by your Board on November 17, 1987, Synopsis 57.

CONTRACTING PROCESS

On October 28, 2004, Public Works solicited proposals from 85 independent contractors and community business enterprises to accomplish this work. Also, a notice of proposal availability was placed on the County's bid website (Enclosure B) and an advertisement was placed in the Los Angeles Times.

On November 10, 2004, five proposals were received for the West area, four for the South Area, and three for the East Area from a total of five proposers. The proposals were first reviewed to ensure they met the mandatory requirements outlined in the Request for Proposals (RFP). One proposer failed to provide a copy of the required State contractor's license and was found nonresponsive. The remaining four proposers, having met these requirements, had their proposals evaluated by an evaluation committee consisting of Public Works staff and a member of the Sheriff's Department. The committee's evaluation was based on criteria described in the RFP which included price, experience, work plan, financial resources, and references. Based on this evaluation, it is recommended that these contracts be awarded to the most responsive and responsible proposers, Superior Property Services, Inc., for the East area; Urban Graffiti Enterprises, Inc., for the South area; and Graffiti Control Systems, Inc., for the West area.

Enclosure C reflects the proposers' minority participation. The contractors were selected upon final analysis and consideration without regard to race, creed, gender, or color.

These contracts contains Board-approved contract terms and conditions regarding contractor responsibility and debarment, jury service requirements, no payment for services received after contract expiration or termination, and the Safely Surrendered Baby Law.

Public Works has requested, but not yet received, State records pertaining to any history of labor law violations. Division of Labor Standards Enforcement records of these contractors have been examined frequently over the last two years in connection with other solicitations, and no significant labor violations were found. No negative experiences with County contracts were discovered.

Proof of the required Comprehensive General and Automobile Liability insurance policies, naming the County as additional insured, and evidence of Workers' Compensation insurance will be obtained from the contractors before any work is started.

The Honorable Board of Supervisors
November 24, 2004
Page 5

As requested by your Board, the contractors have submitted a safety record which, in our opinion, reflects that activities conducted by the contractors in the past have been according to reasonable standards of safety.

In accordance with the Chief Administrative Officer's June 15, 2001, instructions, this is Public Works' assurance that these contractors will not be requested to perform services which will exceed the contracts' approved amount, scope of work, and/or terms.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The award of these contracts will not result in the displacement of any County employees, as these services are presently contracted with the private sector.

CONCLUSION

One approved copy of this letter is requested.

Respectfully submitted,

DONALD L. WOLFE
Interim Director of Public Works

SCOPE OF WORK

GRAFFITI REMOVAL AT VARIOUS

XXXX AREA FLOOD CONTROL FACILITIES

A. Public Works' Contract Manager

Public Works' Contract Manager will be Ms. Valerie Hill of Water Resources Division, who may be contacted at (626) 458-4091, e-mail address: vjhill@ladpw.org, Monday through Friday, 8:30 a.m. to 5 p.m. The Contract Manager is the only person authorized by Public Works to request work of the Contractor. From time to time, Public Works may change the Contract Manager. The Contractor will be notified in writing when there is a change in the Contract Manager.

B. Background

The work to be performed under this Contract consists of removing graffiti from various flood control channels in the District's XXXX Maintenance Area. Public Works' Graffiti Abatement Program is designed to remove graffiti as quickly and as often as necessary to keep the areas free from graffiti. A prompt cleanup is considered preventive from the standpoint that if the marks do not remain for long periods, vandals' satisfaction from seeing their marks and having others see them is limited. The potential for fame and recognition, a key motivator for graffiti vandals, is directly impacted when the graffiti is quickly removed or "buffed out." In areas where the incidence of graffiti vandalism is low, cleanups may be a sufficient method to deal with the problem and maintain a satisfactory community image. In severely affected areas, cleanups are essential components of fighting the downward spiral of neighborhood deterioration.

During the past eight years, the County has undertaken a huge effort in establishing very successful zero-tolerance graffiti abatement zones.

C. Work Description - General Statement

These specifications require that the Contractor patrol each facility and obliterate all graffiti discovered within 72 hours. It is anticipated that this will constitute the majority of work to be performed under this Contract. The Contractor shall also be available at all reasonable times to report and confer with Public Works with respect to these graffiti removal services.

Minimally, the Contractor shall provide telephone answering service and FAX, within the County, 8 a.m. to 5 p.m., Monday through Friday, except on legal holidays, to receive instructions, information, complaints, etc., from Public Works and/or Hotline Operator. The work shall be performed in accordance with these specifications and Exhibit E, Area Map.

The Contractor's on-site supervisor shall have a thorough knowledge of the needs of Public Works' Zero-Tolerance Graffiti Program for the Flood Control District's facilities and these specifications, terms, conditions, and requirements. The Contractor shall log all graffiti removal requests. Response shall be in the following priority:

1. Requests from the Public Works Graffiti Abatement Program Manager (Contract Manager);
2. Requests from Public Works' Hotline Operator;
3. Direct calls from the Supervisorial District Staff; and
4. Direct constituent requests.

D. Graffiti Removal Services

The Contractor shall conduct the graffiti removal services as follows:

1. The Contractor shall maintain a zero-tolerance policy for the District's facilities indicated in this Exhibit's paragraph F, Facility Locations and Limits, in accordance with the Contractor's Work Plan of Action/Approach. The Contractor shall follow its Work Plan of Action/Approach throughout the entire Contract unless otherwise approved in writing by the Contract Manager. In addition, the Contractor shall:
 - a. Remove vulgar graffiti (i.e., profane, obscene, or racist) within 24 hours (seven days per week).
 - b. Respond to East Area's Graffiti Program Contract Manager's priority assignments within 24 hours (seven days per week).
 - c. Remove graffiti within 72 hours from District property right of way, Monday through Friday.
2. The Contractor shall provide Public Works with work record reports no later than the fifth day of each month with the monthly invoice. The monthly report shall indicate the number and source of crews utilized, hours worked, requests and constituent complaints, square footage painted over or water blasted, gallons of paint used, and the type of surface worked on. The Contract Manager will originate graffiti removal work requests and receive all completion reports from the Contractor. These reports will then be routed to the Contract Manager who may perform quality control inspections. Mail completed work reports to:

County of Los Angeles, Department of Public Works
Attention Valerie Hill
900 South Fremont Avenue
Alhambra, CA 91803

3. The Contractor shall perform all work necessary to complete this Contract in a satisfactory manner and shall provide all personnel, supervision, tools, supplies, materials, equipment, transportation, and other incidentals necessary to perform work.
4. Remove graffiti from all types of surfaces such as, but not limited to wood, metal, brick, concrete, smooth concrete, very rough grouted rip rap, etc.
5. The method of removal shall consist of covering the graffiti with water base and/or recycled paint (graffiti paint). The color of the paint shall closely match the color of the surface to which it is applied. The paint may be applied either mechanically or manually in a neat and even manner such that it completely obliterates any graffiti present and does not leave splatter marks on the blacktop pavement. Use drop cloths on all work assignments to protect sidewalks, vegetation, etc., from paint spillage.
6. Use appropriate methods of covering or removing graffiti for the particular surface and conditions, such as water blasting, painting over, chemical solvents, etc. Any chemical solvents utilized to remove graffiti shall have a Material Safety Data Sheet available for Public Works review.
7. Graffiti found on "No Trespassing Signs" or any other signs should not be painted over. The Contractor shall notify Public Works liaison of the location of any defaced signs.
8. Typical graffiti removal sites include, but are not limited to channel walls and bottoms, side drain outlet structures, asphalt concrete embankments, berms, slopes, fences, curbs, retaining walls, stream gaging recording buildings, bridge abutments and decks, outside pump plant buildings, and paved access ways. Bridge abutments and piers shall be cleared to a minimum height of 12 feet above the adjacent surface.
9. Train its personnel in proper graffiti removal techniques and provide corrective instruction to its personnel if they are removing graffiti improperly.
10. Not allow any debris from its operations under this Contract, especially from the water/sand blasting operations, to be deposited in the storm drains and/or gutters in violation of the National Pollutant Discharge Elimination System (NPDES) Permit.
11. The Contractor's attention is directed to the fact that running water may be encountered in the channels and rivers following storms. In addition, water may be released to the channels from various reservoirs during non-storm periods. The Contractor shall not attempt to enter the channel bottoms when

rapidly flowing water is present since personnel and equipment could be swept downstream. The Contractor is solely responsible for determining whether or not the channels can be entered safely. However, Public Works will notify the Contractor of scheduled releases. Regular monthly payment will be made regardless of work canceled due to rain or high flows in the channels. A phone number where the Contractor can be reached 24 hours a day, seven days a week, shall be provided such that Public Works can notify the Contractor of unscheduled releases or imminent flooding.

12. The Contractor is advised that due to construction or maintenance activities within the facilities, the Contractor may be directed to temporarily or permanently avoid a portion of a particular facility. A prorated payment based on this Contract's Unit Price and the affected length of the facility will be made. Public Works reserves the right to withdraw any or all facilities from this Contract at any time.
13. The Contractor will be issued a key for the purpose of accessing the facilities. The Contractor shall lock all gates following entry and/or exit. The Contractor is advised that bikeways and equestrian trails exist along many of the facilities. The Contractor shall conduct its activities in a manner that will not endanger the users or block access to these additional facilities.

E. Murals

Public Works is committed to the preservation of registered murals. Artists, community groups, and art organizations create new murals annually. Anyone or any group wishing to paint murals must obtain approval and permission from the property owner, whether a private individual or public agency. Painting murals on public or private property without permission of the owner is illegal and punishable.

Artists and private property owners should establish an agreement regarding the location of the mural, materials, content, lifespan, repairs, and routine maintenance of any particular work prior to mural execution.

Not all murals are intended to be "permanent" artworks. Please refer any request from the public, for removal of graffiti or removal of a temporary "memorial" mural to the Contract Manager.

Public Works has established the following guidelines when murals have been vandalized: The Contractor shall not, under any condition, repair, remove, "touch up", or "buff out" any registered murals. In defining what is a mural versus what is graffiti, when in doubt, leave it alone and contact the Contract Manager.

Do not remove graffiti on any "public displays of art" without obtaining written permission from the Contract Manager.

F. Graffiti Removal Services, County-owned Property

For graffiti removal from County-owned property, the Contractor shall use the following additional specifications:

1. Water-based and/or recycled paint shall be used.
2. Concrete Block Walls: All graffiti shall be removed by either a water blasting machine with soda compound or water-based paint. The paint-over color shall match the wall color. Overspray on non-County owned or private property shall not be allowed.
3. Chain Link Fencing: All graffiti on pipes and fencing shall be painted over using a galvanized color to match the fencing fabric and pipe color. The paint-over color shall be feathered into the fabric and along the pipes.
4. Asphalt Concrete (street/bike paths): The Contractor shall be responsible for removing graffiti found on the asphalt concrete street and bike paths only when pedestrian and cyclist traffic is at a minimal level to perform work. The Contractor shall place traffic cones and/or other appropriate traffic control equipment to divert pedestrians and cyclists.
5. Rock Walls: All graffiti shall be removed using only a water blasting machine with soda compound. All paint shall be removed from rock face and mortar joints to match all other rock facing. No painting over shall be used unless the wall was previously painted. The Contractor shall color match the paint to the previous color using water-based paint.
6. Miscellaneous: These standards are basic. However, other standards may be developed and incorporated herein, as other graffiti surfaces are found.
7. Graffiti extending into covered box conduits and appurtenance structures shall be serviced such that the graffiti cannot be seen from the adjacent street level. In no case shall service be required into the box conduit beyond a distance equal to the width of the conduit entrance.

G. Facility Locations and Limits

Following is a description of each facility included in this Contract. The terms right bank and left bank on channels are based on the observer looking downstream:

Facility

Location

H. Plans and Specifications

Included in Exhibit E is a map showing the location of the flood maintenance facilities and the limits included in this Contract. This map shall be used only to locate the site and do not contain sufficient information to represent the actual site conditions.

The maps, specifications, and other contract documents will govern the work. These Contract documents are intended to be complementary and cooperative and to describe and provide for a complete project. Anything in the specifications and not on the maps, or on the maps and not in the specifications, shall be as though shown or mentioned in both. The Contractor shall ascertain the existence of any conditions affecting the cost of the work which would have been disclosed by reasonable examination of the site.

I. Rights of Way

The Contractor shall conduct all of its activities and operations within the confines of the facility rights of way in which graffiti is to be removed. The Contractor shall not allow its employees to use private property for eating, coffee breaks, or any other reason, or use water, or electricity from such property without written permission from the owner. If, for any reason, the Contractor elects to encroach upon other lands, Contractor shall first obtain written permission from the owner and provide evidence of such permission in writing to the Contract Manager prior to entering upon such lands. In performing any work or doing any activity on lands outside of public rights of way, the Contractor shall comply with all applicable Federal, State and local laws, ordinances, and regulations.

The Contractor shall indemnify and hold Public Works harmless from all claims for damages occasioned by such work activity, whether done in compliance with this Section and with permission or in violation of this Section without permission.

J. Work Schedule

The Contractor shall commence work in accordance with the Contractor's Work Plan of Action/Approach. Any adjustments to the plan must be approved by the Contract Manager 24 hours in advance of the work. The plan shall reflect completion of all work under this Contract within the specified time and in accordance with these specifications. If the Contractor refuses or for any reason fails to perform sufficiently to meet its Work Plan of Action/Approach, Public Works may perform said work and charge the Contractor for all costs incurred.

The work shall be diligently prosecuted throughout the term of this Contract. If the Contractor desires to make a major change in the method of operations after commencing work, or if the plan fails to reflect the actual progress, the Contractor shall submit to the Contract Manager a revised Work Plan of Action/Approach in advance of beginning revised operations. The Contract Manager shall review and

approve or disapprove the changes.

K. Prosecution of Work

To minimize possible hazard and to restore work areas to their original condition as soon as practicable, the Contractor shall diligently prosecute the work to completion.

If, as determined by the Contract Manager, the Contractor fails to prosecute the work to the extent that the above purpose is not being accomplished, the Contractor shall, upon orders from the Contract Manager, immediately take steps necessary to fully accomplish said purposes. All cost of prosecuting of the work as describe herein shall be included in the Contractor's Annual Price. Should the Contractor fail to take the necessary steps to fully accomplish said purposes, after orders of the Contract Manager to do so, the Contract Manager may suspend the work in whole or in part, until the Contractor takes steps.

If work is suspended through no fault of Public Works, all expenses and losses incurred by the Contractor during such suspensions shall be borne by the Contractor. If the Contractor fails to properly provide for public safety and traffic during periods of suspension, Public Works may elect to do so, and deduct the costs thereof from monies due the Contractor. Such actions will not relieve the Contractor from liability.

L. Suspension of Work

The work may be suspended in whole or in part when determined by the Contract Manager that the suspension is necessary in the best interest of Public Works. The Contractor shall comply immediately with any written order of the Contract Manager suspending work. Such suspension shall be without liability to the Contractor on the part of Public Works except as otherwise specified in Exhibit B, Section 3.R, Default and Termination.

M. Default by Contractor

If the Contractor fails to commence work within the time specified, to execute the work in the manner and at such locations as specified, or fails to maintain a work program which will ensure Public Works interest, or, if the Contractor is not carrying out the intent of this Contract, a written notice may be served upon the Contractor demanding satisfactory compliance with this Contract. If the Contractor does not comply with such notice within five days after receiving it, or after starting to comply, and/or fails to continue, Public Works may exclude the Contractor from the worksite and complete the work by Public Works, by letting the unfinished work to another contractor, or by a combination of such methods.

This Contract may be canceled by the County without liability for damage, when in the County's opinion the Contractor is not complying in good faith, has become insolvent, or assigned or subcontracted any part of the work without the County's consent. In the event of such cancellation, the Contractor will be paid the actual

amount due based on unit price and the quantity of work completed at the time of cancellation, less damages caused to Public Works by acts of the Contractor causing the cancellation. Such damages shall include costs incurred by Public Works to complete the work over and above the costs which would have resulted under this Contract. These damages may be deducted from any money due or becoming due to the Contractor from Public Works. If sums due under this Contract are insufficient, the Contractor shall pay to Public Works within 10 business days after receipt of an invoice from Public Works all costs in excess of the amounts withheld by Public Works. The provisions of this Section shall be in addition to all other rights and remedies available to Public Works under law.

N. Termination of Contract

The County may terminate this Contract in its own discretion or when conditions encountered during the work make it impossible or impracticable to proceed, or when Public Works is prevented from proceeding with this Contract by act of God, by law, or by official action of a public authority.

O. Work by Others Due to Unsatisfactory Work Prosecution

If, as determined by the Contract Manager, the Contractor is not prosecuting the work in a satisfactory manner or is not providing for public safety and traffic, the Contract Manager will notify the Contractor of such unsatisfactory conditions and will indicate when corrective work must be completed. If the Contractor fails to comply, Public Works may elect to do the work or have the work performed by others and deduct the cost thereof from monies due the Contractor. Such action will not relieve the Contractor from liability.

P. Hours and Days of Operation

Any operation generating loud, harsh, or unusual noise shall be restricted to the hours of 7 a.m. to 6 p.m. The days of operation shall be restricted to Monday through Friday.

Q. Completion and Acceptance

The work may be inspected by the Contract Manager for acceptance upon receipt of the Contractor's written assertion that the work has been completed.

3. In the event this Contract extends into succeeding fiscal year periods, and if the governing body appropriating the funds does not allocate sufficient funds for the next succeeding fiscal year's payments, then the affected equipment and/or work shall be terminated as of June 30 of the then current fiscal year. 4. If the County finds that any of the above provisions have been violated, the same shall constitute a material breach of contract upon which the County may determine to cancel, terminate, or suspend this Contract. While the County reserves the right to determine independently that the antidiscrimination provisions of this Contract have been violated, in addition, a determination by the California Fair Employment Practices Commission or the Federal Equal Employment Opportunity Commission that the Contractor has violated State or Federal antidiscrimination laws or regulations shall constitute a finding by the County that the Contractor has violated the antidiscrimination provisions of this Contract.
5. The parties agree that in the event the Contractor violates the antidiscrimination provisions of this Contract, the County shall, at its option, be entitled to a sum of \$500 pursuant to California Civil Code Section 1671 as liquidated damages in lieu of canceling, terminating, or suspending this Contract.

E. Assignment

1. The Contractor may not delegate its duties or assign its rights under this Contract, either in whole or in part, without the prior written consent of the Director. Any payments to any assignee of any claim under this Contract in consequence of such consent shall be subject to set-off, recoupment, or other reduction for any claim which the County may have.
2. Any delegation of duties or assignment of rights, including but not limited to a merger, acquisition, asset sale and the like, shall be in the form of a subcontract or formal assignment, as applicable. F. Subcontracting

1. No performance of this Contract or any portion thereof may be subcontracted by the Contractor without the express written consent of the County. Any attempt by the Contractor to subcontract any performance of the terms of this Contract without the express written consent of the County shall be null and void and shall constitute a breach of the terms of this Contract. In the event of such a breach, this Contract may be terminated forthwith.
2. In the event the County should consent to subcontracting, each and all of the provisions of this Contract and any amendment thereto shall extend to and be binding upon and inure to the benefit of the successors or administrators of the respective parties.
3. In the event the County should consent to subcontracting, the Contractor shall include in all subcontracts the following provision: "This Agreement is a subcontract under the terms of a prime contract with the County of Los Angeles. All representations and warranties shall inure to the benefit of the County of Los Angeles."
4. Any third-party delegate(s) appointed by the Contractor shall be specified in writing to the Director for advance concurrence.

I. Compliance with Laws

1. The Contractor agrees to comply with all applicable Federal, State, and local laws, rules, regulations, or ordinances, and all provisions required thereby to be included herein are hereby incorporated by reference.
2. The Contractor agrees to indemnify and hold the County harmless from any loss, damage, or liability resulting from a violation on the part of the Contractor of such laws, rules, regulations, or ordinances.

J. Covenant Against Contingent Fees

The remedies herein reserved shall be cumulative and additional to any other remedies in law or equity.

2. The Contractor shall develop all publicity material in a professional manner.
3. During the course of performance of this Contract, the Contractor, its employees, agents, and subcontractors shall not publish or disseminate commercial advertisements, press releases, opinions or feature articles using the name of the County without the prior written consent of the Chief Administrative Officer and County Counsel. - c. Except with respect to defaults of subcontractors, the Contractor shall not be liable for any excess costs if the failure to perform this Contract arises out of causes beyond the control and without the fault or negligence of the Contractor. Such causes may include, but are not restricted to acts of God or of the public enemy, acts of the County in either its sovereign or contractual capacity, acts of the Federal or State government in its sovereign capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; but in every case, the failure to perform must be beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a subcontractor, and if such default arises out of causes beyond the control of both the Contractor and subcontractor, and without the negligence of either of them, the Contractor shall not be liable for any excess costs for failure to perform, unless the supplies or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required delivery schedule.
- d. If, after Notice of Termination of this Contract under the provisions of this clause, it is determined for any reason that the Contractor was not in default under the provisions of this clause, or that the default was excusable under the provisions of this clause, the rights and obligations of the parties shall be the same as if the Notice of Termination had been issued pursuant to Section 3, Paragraph R.4, Termination for Convenience.
- e. The rights and remedies of the County provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.
- f. As used herein, the terms "subcontractor" and "subcontractors" mean persons, companies, corporations, or other organizations furnishing supplies, services of any nature, equipment, or materials to Contractor, at any tier, under oral or written agreement.

Without limiting the rights and remedies available to the County under any other provision of the Contract, failure of the Contractor to cure such default within 90 calendar days of written notice shall be grounds upon which the County may terminate the Contract pursuant to Paragraph D1 "Default," of this Section 3, and debar the Contractor pursuant to County Code Chapter 2.202.

6. Termination Claim

- a. If this Contract is terminated, the Contractor shall, within 60 days after the Notice of Termination, submit to the County its termination claim.

The County will pay the agreed amount provided that such amount shall not exceed the total funding obligated under this Contract, and reduced by the amount of payments otherwise made, and as further reduced by this Contract price of work not terminated.
- c. Failure of the Contractor to submit its termination claim and invoice within the time allowed, the County may determine, based on information available to the County, the amount, if any, due to the Contractor in respect to the termination, and such determination shall be final. After such determination is made, the County will pay the Contractor the amount so determined.

In either event, Contractor shall immediately be required to commence paying the living wage and shall be obligated to pay the living wage for the remaining term of this Contract, including any option period. The County may also require, at any time during this Contract and at its sole discretion, that Contractor demonstrate to the County's satisfaction that Contractor either continues to remain outside of the Program's definition of "Employer" and/or that Contractor continues to qualify for an exception to the Program. 1. If Contractor fails to comply with the requirements of this Section, the County shall have the rights and remedies described in this Section in addition to any rights and remedies provided by law or equity.
2. Remedies for Submission of Late or Incomplete Certified Monitoring Reports: If Contractor submits a certified monitoring report to the County after the date is due, or if the report submitted does not contain all of the required information, or is inaccurate, or is not properly certified, any such deficiency shall constitute a breach of this Contract. In the event of any such breach, the County may, in its sole discretion, exercise any or all of the following rights/remedies:
 - a. Withholding of Payment: If the Contractor fails to submit accurate, complete, timely, and properly certified monitoring reports, the County may withhold from payment to the Contractor up to the full amount of any invoice that would otherwise be due, until the Contractor has satisfied the concerns of the County, which may include required submittal of revised certified monitoring reports or additional supporting documentation.
 - b. Liquidated Damages: It is mutually understood and agreed that Contractor's failure to submit an accurate, complete, timely, and

properly certified monitoring report will result in damages being sustained by the County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; that the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time; and that the liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, in the event that a certified monitoring report is deficient, including but not limited to being late, inaccurate, incomplete, or uncertified, it is agreed that the County may, in its sole discretion, assess against Contractor liquidated damages in the amount of \$100 per monitoring report for each day until the County has been provided with a properly prepared, complete, and certified monitoring report. The County may deduct any assessed liquidated damages from any payments otherwise due to the Contractor.

- c. Termination: Contractor's failure to submit an accurate, complete, timely, and properly certified monitoring report may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.
3. Remedies for Payment of Less Than the Required Living Wage: If Contractor fails to pay any employee at least the applicable hourly living wage rate, such deficiency shall constitute a breach of this Contract. In the event of any such breach, the County may, in its sole discretion, exercise any or all of the following rights/remedies:
- a. Withholding Payment: If Contractor fails to pay one or more of its employees at least the applicable hourly living wage rate, the County may withhold from any payment otherwise due to Contractor the aggregate difference between the living wage amounts Contractor was required to pay its employees for a given pay period and the amount actually paid to the employees for that pay period. The County may withhold said amount until the Contractor has satisfied the County that any underpayment has been cured, which may include required submittal of revised certified monitoring reports or additional supporting documentation.
 - b. Liquidated Damages: It is mutually understood and agreed that the Contractor's failure to pay any of its employees at least the applicable hourly living wage rate will result in damages being sustained by the County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; that the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time; and that the liquidated damages are not intended as a penalty or forfeiture for the Contractor's breach. Therefore, it is agreed that the County may, in its sole discretion, assess against Contractor liquidated damages of \$50 per employee per day for each and every instance of an underpayment to an employee. The County may deduct any

assessed liquidated damages from any payments otherwise due to the Contractor.

- c. Termination: Contractor's failure to pay any of its employees the applicable hourly living wage rate may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.
- 4. Debarment: In the event Contractor's breaches a requirement of this Section, the County may, in its sole discretion, bar Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach, not to exceed three years.

H. Use of Full-Time Employees

Contractor shall assign and use full-time employees of Contractor to provide services under this Contract unless the Contractor can demonstrate to the satisfaction of the County that it is necessary to use non-full-time employees based on staffing efficiency or County's requirements for the work to be performed under this Contract. It is understood and agreed that the Contractor shall not, under any circumstance, use non-full-time employees for services provided under this Contract unless and until the County has provided written authorization for the use of same. The Contractor submitted with its proposal a full-time-employee staffing plan. If the Contractor changes its full-time-employee staffing plan, the Contractor shall immediately provide a copy of the new staffing plan to the County.

I. Contractor Retaliation Prohibited

Contractor and/or its employees shall not take any adverse action which would result in the loss of any benefit of employment, any contract benefit, or any statutory benefit for any employee, person, or entity who has reported a violation of the Program to the County or to any other public or private agency, entity, or person. A violation of the provisions of this paragraph may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.

J. Contractor Standards

During the term of the Contract, Contractor shall maintain business stability, integrity in employee relations, and the financial ability to pay a living wage to its employees. If requested to do so by the County, Contractor shall demonstrate to the satisfaction of the County that Contractor is complying with this requirement.

K. Neutrality in Labor Relations

Contractor shall not use any consideration received under this Contract to hinder, or to further, organization of, or collective bargaining activities by or on behalf of Contractor's employees, except that this restriction shall not apply to any expenditure made in the course of good faith collective bargaining, or to any expenditure pursuant to obligations incurred under a bona fide collective bargaining agreement, or which

What Is the EIC?

The EIC is a refundable tax credit for certain workers.

A change to note. Workers **cannot** claim the EIC if their 2003 investment income (such as interest and dividends) is over \$2,600.

Which Employees Must I Notify About the EIC?

You must notify each employee who worked for you at any time during the year and from whom you did not withhold income tax. However, you do not have to notify any employee who claimed exemption from withholding on **Form W-4**, Employee's Withholding Allowance Certificate.

Note: You are encouraged to notify each employee whose wages for 2003 are less than \$34,692 that he or she may be eligible for the EIC.

How and When Must I Notify My Employees?

You must give the employee one of the following:

- The IRS **Form W-2**, Wage and Tax Statement, which has the required information about the EIC on the back of **Copy B**.
- A substitute Form W-2 with the same EIC information on the back of the employee's copy that is on **Copy B** of the IRS Form W-2.
- **Notice 797**, Possible Federal Tax Refund Due to the Earned Income Credit (EIC).
- Your written statement with the same wording as Notice 797.

If you are required to give Form W-2 and do so on time, no further notice is necessary if the Form W-2 has the required information about the EIC on the back of the employee's copy. If a substitute Form W-2 is given on time but does not have the required information, you must notify the employee within 1 week of the date the substitute Form W-2 is given. If Form W-2 is required but is not given on time, you must give the employee Notice 797 or your written statement by the date Form W-2 is required to be given. If Form W-2 is not required, you must notify the employee by February 9, 2004.

You must hand the notice directly to the employee or send it by First-Class Mail to the employee's last known address. You will not meet the notification requirements by posting Notice 797 on an employee bulletin board or sending it through office mail. However, you may want to post the notice to help inform all employees of the EIC. You can get copies of the notice by calling 1-800-829-3676, or from the IRS website at www.irs.gov.

**How Will My Employees Know If They Can
Claim the EIC?**

The basic requirements are covered in Notice 797. For more detailed information, the employee needs to see the 2003 instructions for Form 1040, 1040A, 1040EZ, or **Pub. 596**, Earned Income Credit (EIC).

How Do My Employees Claim the EIC?

Eligible employees claim the EIC on their 2003 tax return. Even employees who have no tax withheld from their pay or owe no tax can claim the EIC and get a refund, but they must file a tax return to do so. For example, if an employee has no tax withheld in 2003 and owes no tax but is eligible for a credit of \$791, he or she must file a 2003 tax return to get the \$791 refund.

**How Do My Employees Get Advance EIC
Payments?**

Eligible employees who expect to have a qualifying child for 2004 can get part of the credit with their pay during the year by giving you a completed **Form W-5**, Earned Income Credit Advance Payment Certificate. You **must** include advance EIC payments with wages paid to these employees, but the payments are not wages and are not subject to payroll taxes. Generally, the payments are made from withheld income, social security, and Medicare taxes. For details, see **Circular E (Pub. 15)**, Employer's Tax Guide.

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents to give up their baby confidentially. As long as the baby has not been abused or neglected, parents may give up their newborn without fear of arrest or prosecution.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially and safely give up a baby within three days of birth. The baby must be handed to an employee at a Los Angeles County emergency room or fire station. As long as the child shows no signs of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, workers will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their newborns within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

In most cases, a parent will bring in the baby. The law allows other people to bring in the baby if they have legal custody.

Does the parent have to call before bringing in the baby?

No. A parent can bring in a baby anytime, 24 hours a day, 7 days a week so long as the parent gives the baby to someone who works at the hospital or fire station.

Does a parent have to tell anything to the people taking the baby?

No. However, hospital personnel will ask the parent to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the child. Although encouraged, filling out the questionnaire is not required.

What happens to the baby?

The baby will be examined and given medical treatment, if needed. Then the baby will be placed in a pre-adoptive home.

What happens to the parent?

Once the parent(s) has safely turned over the baby, they are free to go.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned by their parents and potentially being hurt or killed. You may have heard tragic stories of babies left in dumpsters or public bathrooms. The parents who committed these acts may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had nowhere to turn for help, they abandoned their infants. Abandoning a baby puts the child in extreme danger. It is also illegal. Too often, it results in the baby's death. Because of the Safely Surrendered Baby Law, this tragedy doesn't ever have to happen in California again.

A baby's story

At 8:30 a.m. on Thursday, July 25, 2002, a healthy newborn baby was brought to St. Bernardine Medical Center in San Bernardino under the provisions of the California Safely Surrendered Baby Law. As the law states, the baby's mother did not have to identify herself. When the baby was brought to the emergency room, he was examined by a pediatrician, who determined that the baby was healthy and doing fine. He was placed with a loving family while the adoption process was started.

Every baby deserves a chance for a healthy life. If someone you know is considering abandoning a newborn, let her know there are other options.

It is best that women seek help to receive proper medical care and counseling while they are pregnant. But at the same time, we want to assure parents who choose not to keep their baby that they will not go to jail if they deliver their babies to safe hands in any Los Angeles County hospital ER or fire station.

Sin pena. Sin culpa. Sin peligro.

¿Qué es la Ley de Entrega de Bebés Sin Peligro?

La Ley de Entrega de Bebés Sin Peligro de California permite a los padres entregar a su recién nacido confidencialmente. Siempre que el bebé no haya sufrido abuso ni negligencia, padres pueden entregar a su recién nacido sin temor a ser arrestados o procesados.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura, dentro de los tres días del nacimiento. El bebé debe ser entregado a un empleado de una sala de emergencias o de un cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazaletes y el padre/madre recibirá un brazaletes igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden empezar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles, al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

En la mayoría de los casos, los padres son los que llevan al bebé. La ley permite que otras personas lleven al bebé si tienen la custodia legal del menor.

¿Los padres deben llamar antes de llevar al bebé?

No. El padre/madre puede llevar a su bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, mientras que entregue a su bebé a un empleado del hospital o de un cuartel de bomberos.

¿Es necesario que el padre/madre diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital le pedirá que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para los cuidados que recibirá el bebé. Es recomendado llenar este cuestionario, pero no es obligatorio hacerlo.

¿Qué ocurrirá con el bebé?

El bebé será examinado y, de ser necesario, recibirá tratamiento médico. Luego el bebé se entregará a un hogar preadoptivo.

¿Qué pasará con el padre/madre?

Una vez que los padres hayan entregado a su bebé en forma segura, serán libres de irse.

¿Por qué California hace esto?

La finalidad de la Ley de Entrega de Bebés Sin Peligro es proteger a los bebés del abandono por parte de sus padres y de la posibilidad de que mueran o sufran daños. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Es posible que los padres que cometieron estos actos hayan estado atravesando dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus recién nacidos porque tenían miedo y no tenían adonde recurrir para obtener ayuda. El abandono de un recién nacido lo pone en una situación de peligro extremo. Además es ilegal. Muy a menudo el abandono provoca la muerte del bebé. Ahora, gracias a la Ley de Entrega de Bebés Sin Peligro, esta tragedia ya no debe suceder nunca más en California.

Historia de un bebé

A las 8:30 a.m. del jueves 25 de julio de 2002, se entregó un bebé recién nacido saludable en el St. Bernardine Medical Center en San Bernardino, en virtud de las disposiciones de la Ley de Entrega de Bebés Sin Peligro. Como lo establece la ley, la madre del bebé no se tuvo que identificar. Cuando el bebé llegó a la sala de emergencias, un pediatra lo revisó y determinó que el bebé estaba saludable y no tenía problemas. El bebé fue ubicado con una buena familia, mientras se iniciaban los trámites de adopción.

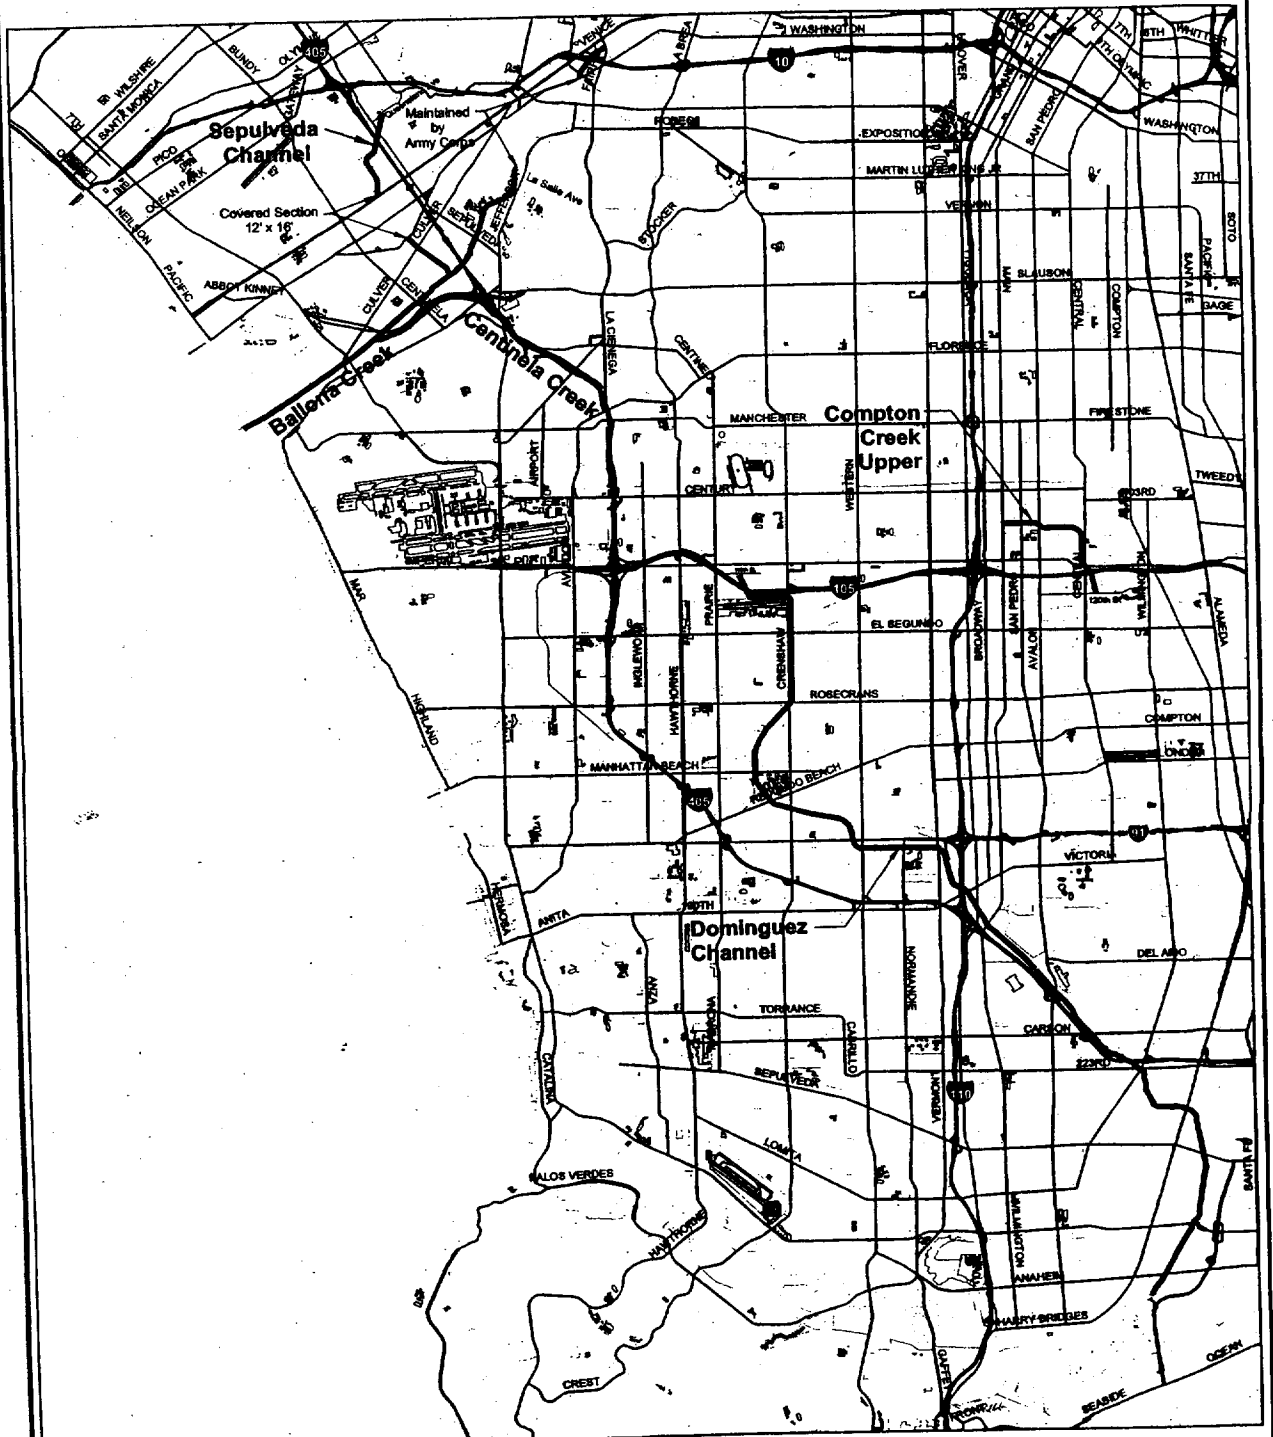

Cada recién nacido merece una oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele qué otras opciones tiene.

Es mejor que las mujeres busquen ayuda para recibir atención médica y asesoramiento adecuado durante el embarazo. Pero al mismo tiempo, queremos asegurarnos a los padres que optan por no quedarse con su bebé que no irán a la cárcel si dejan a sus bebés en buenas manos en cualquier sala de emergencia de un hospital o en un cuartel de bomberos del Condado de Los Angeles.
